

Change yourself. Change your world. Volunteer.

EMPLOYEE VOLUNTEER PROGRAM

Volunteer San Diego's helps companies engage employees in meaningful community service projects, while developing an effective Employee Volunteer Program. We provide a variety of turn-key services that enhance your organization's volunteer program while adding value and human capital to the San Diego community. The outcome is often increased visibility in the community as a socially responsible corporate citizen.

Employee Volunteer Program Partner Packages include:

- **Group Volunteer Event Coordination** – Full service volunteer project management from planning to implementation, resulting in a seamless, rewarding volunteer teambuilding experience for your group.
 - **Small Project Coordination** – up to 25 volunteers
 - **Medium Project Coordination** – up to 50 volunteers
 - **Large Project Coordination** – up to 100 volunteers

* Coordination of volunteer projects with over 100 volunteers require additional fees. Project supplies are not included in the partner packages and your service events coordinator will discuss this in advance of each project.
- **Volunteer Project Referrals** – Support in sourcing a suitable volunteer project for your group, taking into consideration the number of volunteers, ages of volunteers, area of county, impact area, day of the week, timeframe, company goals and values, etc.
- **On-site and On-line Employee Orientations** – Informative half-hour presentation on individual volunteering offered at your place of business or as an on-line email friendly 10-15 minute PowerPoint presentation. This allows your employees' access to our on-line Flexible Volunteer Calendar listing 80+ volunteer projects each month.
- **Marketing and Public Relations** – A project highlight article and logo listing in our volunteer and agency e-newsletter with an opt-in distribution list of 17,500+. Support with press releases outlining community service work along with marketing opportunities on Volunteer San Diego's website.
- **Web Sponsorship** – Your organization (logo) will become an annual sponsor of an "impact area" on our Flexible Volunteer Website Calendar. Your logo will be seen by anyone searching our project database (130,000 views/month). Your organization will have a custom, branded web portal listing your supported volunteer opportunities and allowing easy project viewing, registration and reporting.

Change yourself. Change your world. Volunteer.
